KINDERGARTEN THROUGH 2ND GRADE

Do you have an artistic child at home that loves to draw and create? Join us for our 8-week After-School art classes where your child will enjoy learning basic art techniques, which are the building blocks that will provide a solid foundation for future art lovers and artists. Children will explore the world of art through painting, drawing, art history and more! Art lessons place an emphasis on having fun while exploring our individual creativity!

3RD THROUGH 6TH GRADE

Do you have an artistic child at home that is always drawing? Do you want to help develop that passion? Join us for our 8-week After-School art class! This class is open to children who want more hands-on time to develop their artistic skills and experiment with different techniques and materials! Children will explore both two and three dimensional media, such as pencil, oil pastels, acrylic paint and clay! A fun and educational art class for your young art enthusiast!
